75 Years of Public Service Excellence

Holly Hill Library, established in 1938 by the visionary “Wise Owls Book Club”, has moved from its 1939 WPA one-room library to the new Holly Hill Town Complex. The newly expanded library opened its doors on May 27, 2014 and now provides lower eastern Orangeburg County residents an even greater opportunity for education, information and enrichment.

Our two online patron access catalogs virtually bring the vast resources of the Orangeburg County Library system to customers’ fingertips. The nine new public access internet computers enable the community to apply and search for jobs, write papers, shop, enjoy social media, play games and explore the web.

With over 6000 items in the library’s collection, there is something for everyone to read and enjoy. Children’s literacy services have been reintroduced, with story times on Tuesday and Thursday mornings and craft activities on Friday afternoons.

Amy Ditolla is the new Branch Managing Librarian. Come say hello to her and her staff, Ashley and Barbara, and visit this bustling center of the Holly Hill community! For more information about programs and services, please call (803) 496-7177.
